

PRECISE MANUFACTURING FOR THE HIGHEST DEMANDS

With our modern machinery we manufacture SAG and tube mills according to your requirements with the highest quality standards.

OUR RANGE OF SERVICES INCLUDES:

- Production and delivery of complete mill shells up to $\varnothing = 12.50$ m, L = 20.00 m and G = 250 t
- Production and delivery of mill sections and end walls
- Heat treatment in our own heating hall
- Rubber lining according to customer requirements
- Loading with mobile crane up to G = 250 t
- Dismantling and assembly of complete mills incl. bearings and drive unit
- Exchange of mill sections, end walls or neck bearings

ADDITIONAL SERVICES:

- Inspection of existing plants incl. documentation and recommendation of measures to be taken
- Carrying our repairs on site
- Welding of cracks on site

YOUR ADVANTAGES:

Our modern machinery guarantees you manufacturing from a single source

- Bending machine (roll) up to s = 280 mm
- UP welding, stationary and mobile systems
- Carousel lathe up to $\varnothing = 12.50$ m, H = 5.50 m and G = 250 t
- Horizontal lathe up to $\varnothing = 6.50$ m, L = 20.00 m
- CNC machining of welded constructions up to 2x 75 t
- own quality assurance and production documentation

- experienced, highly motivated team
- worldwide shipping (own port connection)

SAG AND TUBE MILLS

OUR SERVICEPRODUCTS:

SAG AND TUBE MILLS

Precise manufacturing for highest demands

CRANE RUNWAY

Engineering, manufacturing and installation of crane runways, crane girders and columns

GRINDING OF TYRE SURFACES

tube mills, rotary kilns and drums

ELECTROSTATIC PRECIPITATOR

Inspection and optimization of electrostatic precipitators

LIME PLANTS

Engineering, manufacturing and installation of plant components

WASTE INCINERATION PLANTS

Inspection and maintenance of waste incineration plants

HUMAN RESOURCES CONSULTING

Selection of specialists

REPAIR SERVICE

Quick repair of plant components

MACHINE DIAGNOSTICS

Measurement of vibrations, imbalances, bearing noise and alignment of machine parts

ROTARY KILN SECTIONS

Production and assembly of kiln and tire sections

STEEL AND ROLLING MILL

Manufacturing, assembly, conversion and repair of plant components

MORE THAN 50 YEARS OF EXPERIENCE

With more than 50 years of experience, we, as an international active company, are the right contact wherever maintenance, revision and modification works, assembly and disassembly works are to be performed in a professional manner.

CHALLENGE US! WE ARE ALWAYS AVAILABLE VIA OUR 24/7 SERVICE!
